

IF YOU'RE LOOKING TO REDUCE EXPENSES START HERE!

A TWO-HOUR WORKSHOP ON *Reducing Workers' Compensation Costs*

The value of the Comp-Save Solutions process to employers is constantly being measured. For example, the agency has a 100% retention rate with the top 20% of its business clients. This is the direct result of helping employers reduce their Workers' Comp expenses over the long term.

LIKE SO MANY OTHERS, YOU CAN BENEFIT FROM THIS WORKSHOP

Email message after a workshop

"Your presentation was very informative. Hats off to you for the efforts being made to educate business owners. The attention to planning and being proactive is great to see. Thank you."

What is the one big thing you learned at the workshop?

"I learned that Workers' Comp is really a 'tax' on every business."

"We must look for ways to get injured employees back-to-work quicker."

"Pay more attention to our Experience Mod rating report. It may be hiding excess expenses."

"We need to do a better job at pre-hiring screening."

"Employers have a right to fight to get Workers' Comp errors corrected."

"The lasting effect of a workplace injury on the company's bottom line."

"Using wellness as a business strategy."

"The importance of accurate job descriptions."

"The importance of working with physicians who understand Workers' Comp."

"Learned that so many employers are overcharged on their Workers' Comp and don't even know it."

"Learned how to prepare a Workers' Comp audit."

Evaluations of the presentation

"This was one of the most informative and useful presentations I've been to in a long time. Thank you for good information."

"You guys were great."

"Excellent! I came to learn about Workers' Comp. Everything was explained in easy-to-understand terms. Now I know I can do better. I learned so much today. Thank you."

"You guys were very knowledgeable."
